

## People 4 People

Helping people create a better tomorrow

My name is Cristina and I am a single mother raising three daughters. I have been struggling for several years now to make ends meet and, from time to time, I have felt very alone and lost. A year ago, I'd finally reached my limit and contacted People 4 People for help. I didn't know what was in store for me; neither did I have any idea what help they could give me. I was tired of the credit repair counselors who gave me ill advice. I was fed up with being treated like a second hand citizen by pay day loan companies when I needed extra money. I'd had it with disappointing my children when they wanted such simple things as a trip to the zoo. I was sick of feeling like a failure. And then I talked to Dave Carley.

Dave Carley didn't talk to me like a salesman. In fact...he was rough. When I say rough I mean, he didn't paint an unrealistic picture. He didn't tell me what I wanted to hear just to make me feel better. He told it like it was. He suggested that I wasn't following a budget and had no idea how to manage my credit. I agreed. He then offered to teach me the skills I needed to heal my broken life. He offered me an education on how to manage my money, understand credit and the way the financial system really works. He went a step further. He invited me to extend my help to others. While I healed my life, I was given an opportunity to help others heal theirs, thus forming a chain of people there for one another. That's when I realized the big picture, that I was not alone. People like me, of which there are millions in this country, we all feel alone, ashamed and beat down. We are not alone. People 4 People showed me this and taught me to be accountable not just for myself but for my fellow man/woman/family.

I am now a proud member of People 4 People. As our name suggests, we are a group of people intent on reaching out to others, we seek to help one another live quality, happy lives. We offer a curriculum that teaches goal setting, budgeting, credit management and, ultimately, accountability for oneself and, for each other. It is our belief that we must take care of one another, rather than depend on handouts from our government. Our government must be allowed to do the job it was created to do. We the People must take responsibility for ourselves. We are building a community out of communities and we need you. As a non profit, we depend on the donations of our members as well as from the general public. If you can help, please take a moment to decide what you can donate. For those individuals who count themselves as members of People 4 People, please consider what you can contribute forward so as to allow another family to participate in what People 4 People has to offer. As I've stated, we are a non profit organization, so, all donations are tax deductible. I ask however, that you donate for a purpose much higher and that is because we are each other's keeper, we are responsible for one another. Please take a moment to fill out the following donation page and give whatever you are able. I invite you to be a part of something bigger, something designed to empower our communities, one family at a time.

Thank You!

## People 4 People

Helping people create a better tomorrow

*"I am of the opinion that my life belongs to the community, and as long as I live it is my privilege to do for it whatever I can."  
~George Bernard Shaw*

All tax deductible donations go to provide families in our communities with the tools necessary to successfully regain control of their lives. This includes a curriculum designed to teach goal setting, budget and credit management and, a year of coaching and guidance. Each family becomes a member of People 4 People which gives them access to community resources as well as empowers them to assist other families, people helping people....People 4 People.

### For Your Tax Receipt:

Mr. & Mrs.  Miss  Mr.  Mrs.  Ms.  Dr.
